EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech., CSE	National Institute of Technology, Patna	8.37	2027
Senior Secondary	Narayana Junior College, Andhrapradesh	97.9%	2023
Secondary	Sri Chaitanya School, Andhrapradesh	99.1%	2021

PROJECTS

- **Codeforces Question Recommender (Frontend)** Nov 2024
Tools: HTML, CSS, JavaScript, Hugging Face Spaces (Gradio API) 
 - Built a frontend-only web application that generates personalized Codeforces problem recommendations based on user handle and selected topics.
 - Integrated **@gradio/client** via CDN to interact with a Hugging Face Space, enabling real-time recommendations without any backend.
 - Designed a responsive UI and rendered dynamic results using **marked.js**, with seamless deployment as a static site.
- **Campus Event Management System: Full-stack platform with Campus events and attendance.** March 2025
Tools: HTML, CSS, JavaScript, React.js, MongoDB, Node.js 
 - Built a production-grade MEAN stack application supporting event creation, registration, and real-time participant tracking with role-based JWT authentication.
 - Developed QR-code based attendance system and real-time analytics dashboards using Socket.io for live updates.
- **AgriVerse: AI-Powered Agricultural Solutions.** Oct 2025
Tools: Python, NumPy, Pandas, Scikit-Learn, Machine Learning 
 - Trained and deployed models for crop recommendation, yield prediction, and disease detection using custom-prepared agricultural datasets.
 - Applied machine learning techniques to enhance farming efficiency and provide data-driven insights for sustainable agriculture.

SKILLS

- **Programming Languages:** C, Java, C++, Python, JavaScript, TypeScript, MYSQL.
- **Technologies:** React.js, Next.js, Node.js, MongoDB.
- **Machine Learning:** Regression Models, ANN, CNN, NLP.
- **Soft Skills:** Creative Thinking, Teamwork, Communication, Problem Solving.

RELEVANT COURSEWORK

- Data Structures
- Database Systems
- Computer Networks
- Object-Oriented Programming
- Algorithm Design
- Machine Learning
- Software Engineering
- Operating Systems
- Artificial Intelligence
- Linear Algebra

CERTIFICATIONS

- **Young Turks Program 2025**, [Certification Link](#) Sept 2025
- **The Joy of Computing using Python (NPTEL)**, [Certification Link](#) Dec 2025

ACHIEVEMENTS

- Solved 1200+ Data Structures and Algorithms(DSA) on platforms like Leetcode, GeeksforGeeks, Codeforces.
- Ranked Top 0.2% in Young Turks program And Top 2% in Amazon ML Challenge 2025.
- LeetCode Guardian Badge holder with a 2000+ rating, ranked in the top 1.2% globally.
- Ranked in top 1.1% among 13+ lakh students in JEE Main 2023 And top 5% in JEE Advance 2023.
